

2016-2017 PETITION/PROGRAM SHEET

Award: Professional Certificate

Program of Study: Cultural Resource Management

About This Certificate . . .

The Certificate in Cultural Resource Management is designed to give students all of the basic skills necessary for entry-level (field technician) positions in applied archaeology. These will include, but are not limited to, basic archaeological field methods, basic archaeological lab methods, the use of Geographic Information Systems and Public Interpretation. Beyond these skills, however, the certificate program strives to produce creative, engaged and informed archaeologists who can articulate Cultural Resource Management’s role in inquiry-based archaeology and its larger anthropological goals.

Upon completion of the program, students will be able to:

1. Combine academic archaeological theory with applied skills in the field and lab (**Applied Learning**)
2. Communicate the kind and scope of appropriate archaeological studies with regard to federal and state law (**Specialized Knowledge**)
3. Apply general knowledge of field methods to specific situations encountered in the field (**Critical Thinking**)
4. Utilize all modern technologies currently being used in archaeological research, including GIS and electronic mapping (**Specialized Knowledge**)
5. Communicate findings and their importance to diverse stakeholders (landowners, corporate interests, scientific colleagues, the general public), in written and oral media (**Communication Fluency**)
