

2017-2018 PROGRAM REQUIREMENTS

Degree: Bachelor of Science

Major: Exercise Science

About This Major . . .

Students enrolled in this concentration should have a strong interest in the sciences as this program applies science to human function. The student will begin studies with science courses such as physics, general chemistry, and human anatomy & physiology. Continued studies will include courses such as: exercise physiology, anatomical kinesiology, biomechanics, physical activity and aging, medical conditions and pharmacology, and sports nutrition, among other subject areas. This major is designed to prepare students for graduate programs such as: physical therapy, physician's assistant, occupational therapy, and exercise physiology.

Colorado Mesa students frequently continue their study for graduate or professional degrees at universities widely recognized as top programs in exercise physiology, physical therapy, occupational therapy, physical education and public health.

For more information on what you can do with this major, go to <http://www.coloradomesa.edu/career/whatmajor.html>.

All CMU baccalaureate graduates are expected to demonstrate proficiency in critical thinking, communication fluency, quantitative fluency, and specialized knowledge/applied learning. In addition to these campus-wide student learning outcomes, graduates of this major will be able to:

1. Evaluate the functions of the individual body systems. (Specialized Knowledge)
2. Identify risk factors associated with chronic disease. (Specialized Knowledge)
3. Identify the scope and definitions of health, fitness, and human performance with the ability to analyze the data critically. (Applied Learning, Quantitative Fluency)
4. Describe procedures and/or statistical analyses for physiological assessments. (Quantitative Fluency)
5. Apply biomechanical principles to movement and be able to communicate and formulate conclusions about the results. (Critical Thinking)
6. Demonstrate the ability to clearly communicate specialized knowledge. (Communication Fluency)

Advising Process and DegreeWorks

This document is intended for informational purposes to help determine what courses and associated requirements are needed to earn a degree. The suggested course sequencing outlines how students could finish degree requirements. Some courses are critical to complete in specific semesters, while others may be moved around. Meeting with an academic advisor is essential in planning courses and altering the suggested course sequencing. It is ultimately the student's responsibility to understand and fulfill the requirements for her/his intended degree(s).

DegreeWorks is an online degree audit tool available in MAVzone. It is the official record used by the Registrar's Office to evaluate progress towards a degree and determine eligibility for graduation. Students are responsible for reviewing their DegreeWorks audit on a regular basis and should discuss questions or concerns with their advisor or academic department head. Discrepancies in requirements should be reported to the Registrar's Office.

Graduation Process

Students must complete the following in the first two months of the semester prior to completing their degree requirements:

- Review their DegreeWorks audit and create a plan that outlines how unmet requirements will be met in the final semester.
- Meet with their advisor and modify their plan as needed. The advisor must approve the final plan.
- Submit the "Intent to Graduate" form to the Registrar's Office to officially declare the intended graduation date and commencement ceremony plans.
- Register for all needed courses and complete all requirements for each degree sought.

Submission deadlines and commencement details can be found at <http://www.coloradomesa.edu/registrar/graduation.html>.

If a student's petition for graduation is denied, it will be her/his responsibility to consult the Registrar's Office regarding next steps.

INSTITUTIONAL DEGREE REQUIREMENTS

The following institutional degree requirements apply to all CMU baccalaureate degrees. Specific programs may have different requirements that must be met in addition to institutional requirements.

- 120 semester hours minimum.
- Students must complete a minimum of 30 of the last 60 hours of credit at CMU, with at least 15 semester hours in major discipline courses numbered 300 or higher.
- 40 upper-division credits (alternative credit limit applies to the Bachelor of Applied Science degree).
- 2.00 cumulative GPA or higher in all CMU coursework.
- A course may only be used to fulfill one requirement for each degree/certificate.
- No more than six semester hours of independent study courses can be used toward the degree.
- Non-traditional credit, such as advanced placement, credit by examination, credit for prior learning, cooperative education and internships, cannot exceed 30 semester credit hours for a baccalaureate degree; A maximum of 15 of the 30 credits may be for cooperative education, internships, and practica.
- Pre-collegiate courses (usually numbered below 100) cannot be used for graduation.
- Capstone exit assessment/projects (e.g., Major Field Achievement Test) requirements are identified under Program-Specific Degree Requirements.
- The Catalog Year determines which program sheet and degree requirements a student must fulfill in order to graduate. Visit with your advisor or academic department to determine which catalog year and program requirements you should follow.
- See "Requirements for Undergraduate Degrees and Certificates" in the catalog for a complete list of graduation requirements.

PROGRAM-SPECIFIC DEGREE REQUIREMENTS

Institutional degree requirements listed are sufficient for this program.

ESSENTIAL LEARNING REQUIREMENTS (31 semester hours)

See the current catalog for a list of courses that fulfill the requirements below. If a course is an Essential Learning option and a requirement for your major, you must use it to fulfill the major requirement and make a different selection for the Essential Learning requirement.

English (6 semester hours, must receive a grade of "C" or better and must be completed by the time the student has 60 semester hours.)

- ENGL 111 - English Composition (3)
- ENGL 112 - English Composition (3)

Mathematics (3 semester hours, must receive a grade of "C" or better, must be completed by the time the student has 60 semester hours.)

- MATH 113 - College Algebra (4)
3 credits apply to the Essential Learning requirements and 1 credit applies to elective credit

Humanities (3 semester hours)

- Select one Humanities course (3)

Social and Behavioral Sciences (6 semester hours. PSYC 233 suggested.)

- Select one Social and Behavioral Sciences course (3)
- Select one Social and Behavioral Sciences course (3)

Natural Sciences (7 semester hours, one course must include a lab. PHYS 111/PHYS 111L, PHYS 112/PHYS 112L suggested.)

- Select one Natural Sciences course (3)
- Select one Natural Sciences course with a lab (4)

History (3 semester hours)

- Select one History course (3)

Fine Arts (3 semester hours)

- Select one Fine Arts course (3)

OTHER LOWER-DIVISION REQUIREMENTS

Wellness Requirement (3 semester hours)

- KINE 100 - Health and Wellness (1)
- Select one Activity course (1)
- Select one Activity course (1)

Essential Learning Capstone (4 semester hours)

Essential Learning Capstone must be taken after completion of the Essential Learning English and Mathematics requirements, and when a student has earned between 45 and 75 hours.

- ESSL 290 - Maverick Milestone (3)
- ESSL 200 - Essential Speech (1)

FOUNDATION COURSES 11 semester hours)

- STAT 200 - Probability and Statistics (3)
- BIOL 209 - Human Anatomy and Physiology I (3)
- BIOL 209L - Human Anatomy and Physiology I Laboratory (1)
- CHEM 131 - General Chemistry I (4)
- CHEM 131L - General Chemistry I Laboratory (1)
- CHEM 132 - General Chemistry II (3)
- CHEM 132L - General Chemistry II Laboratory (1)
- KINE 265 - First Aid and CPR/AED for the Health Care Provider
(or current CPR card)

BS, EXERCISE SCIENCE REQUIREMENTS (60 semester hours)

Required Core Courses

- KINE 200 - History and Philosophy of Sport and Physical Education (3)
- KINE 213 - Applications of Physical Fitness and Physical Education (3)
- KINE 234 - Prevention and Care of Athletic Injuries (3)
- KINE 301 - Health and Fitness Assessment (3)
- KINE 303 - Exercise Physiology (3)
- KINE 303L - Exercise Physiology Laboratory (1)
- KINE 309 - Anatomical Kinesiology (3)
- KINE 370 - Biomechanics (3)
- KINE 370L - Biomechanics Laboratory (1)
- One of the following courses:
 - KINE 403 - Advanced Strength and Conditioning (3)
 - KINE 404 - Clinical Exercise Physiology and Advanced Exercise Prescription (3)
- KINE 405 - Sports Nutrition (3)
- KINE 415 - Physical Activity and Aging (3)
- KINE 494 - Senior Seminar (1)
- KINE 499 - Internship (3)

Restricted Electives (12-15 semester hours)

Select four courses from the list below. Courses listed with a lecture and a lab are counted as one course.

- BIOL 210 - Human Anatomy and Physiology II (3) with BIOL 210L - Human Anatomy and Physiology II Laboratory (1)
- BIOL 241 - Pathophysiology (4)
- BIOL 301 - Genetics (3) with BIOL 301L - Genetics Laboratory (1)
- BIOL 341 - General Physiology (3) with BIOL 341L - General Physiology Laboratory (1)
- BIOL 409 - Gross and Developmental Anatomy (2) with BIOL 409L - Gross and Developmental Anatomy Laboratory (2)
- CHEM 311 - Organic Chemistry (4) with CHEM 311L - Organic Chemistry Laboratory (1)
- CHEM 312 - Organic Chemistry II (4) with CHEM 312L - Organic Chemistry II Laboratory (1)
- CHEM 315 - Biochemistry (3) with CHEM 315L - Biochemistry Laboratory (1)
- KINE 410 - Organization/Administration/Legal Considerations in Physical Education and Sport (3)
- KINE 403 - Advanced Strength and Conditioning (3)
- KINE 404 - Clinical Exercise Physiology and Advanced Exercise Prescription (3)
- KINE 410 - Rehabilitative Exercises (3)
- KINE 420 - Therapeutic Modalities (3)
- KINE 487 - Structured Research (1-3)
- PSYC 340 - Abnormal Psychology (3)

- _____
- _____
- _____
- _____

ELECTIVES (All College level courses appearing on your final transcript, not listed above that will bring your total hours to 120 hours.) (11 semester hours. BIOL 409/BIOL 409L suggested)

- MATH 113 - College Algebra (1)
- _____
- _____
- _____
- _____

SUGGESTED COURSE SEQUENCING

Freshman Year, Fall Semester: 16 credits

- ENGL 111 - English Composition (3)
- KINE 100 - Health and Wellness (1)
- KINE 200 - History and Philosophy of Sport and Physical Education (3)
- KINA Activity (1)
- Essential Learning - Natural Science with Lab (4)
- MATH 113 - College Algebra (4)

Freshman Year, Spring Semester: 15 credits

- ENGL 112 - English Composition (3)
 - KINE 213 - Applications of Physical Fitness and Physical Education (3)
 - Essential Learning - Social and Behavioral Science (3)
 - Essential Learning - History (3)
 - Essential Learning - Natural Science (3)
-

Sophomore Year, Fall Semester: 15 credits

- KINE 234 - Prevention and Care of Athletic Injuries (3)
- STAT 200 - Probability and Statistics (3)
- BIOL 209 - Human Anatomy and Physiology I (3) and BIOL 209L - Human Anatomy and Physiology I Laboratory (1)
- CHEM 131 - General Chemistry I (4) and CHEM 131L - General Chemistry I Laboratory (1)

Sophomore Year, Spring Semester: 17 credits

- Essential Learning - Social and Behavioral Science (3)
 - Essential Learning - Humanities (3)
 - Essential Learning - Fine Arts (3)
 - KINE 265 - First Aid and CPR/AED for the Health Care Provider (3)
 - CHEM 132 - General Chemistry II (4) and CHEM 132L - General Chemistry II Laboratory (1)
-

Junior Year, Fall Semester: 14-16 credits

- ESSL 290 - Maverick Milestone (3)
- ESSL 200 - Essential Speech (1)
- KINE 303 - Exercise Physiology (3) and KINE 303L - Exercise Physiology Laboratory (1)
- KINE 309 - Anatomical Kinesiology (3)
- Restricted Elective (3-5)

Junior Year, Spring Semester: 14-16 credits

- KINE 415 - Physical Activity and Aging (3)
 - KINE 301 - Health and Fitness Assessment (3)
 - KINE 370 - Biomechanics (3) and KINE 370L - Biomechanics Laboratory (1)
 - KINA Activity (1)
 - Restricted Elective (3-5)
-

Senior Year, Fall Semester: 12-14 credits

- KINE 403 - Advanced Strength and Conditioning (3) or KINE 404 - Clinical Exercise Physiology/Exercise Prescription (3)
- KINE 405 - Sports Nutrition (3)
- Restricted Elective (3-5)
- Elective (3) (if needed)

Senior Year, Spring Semester: 13-15 credits

- KINE 499 - Internship (3)
 - Restricted Elective (3-5)
 - KINE 494 - Senior Seminar (1)
 - Electives (2 courses) (6)
-
