Develop personal insights and understanding by travel and study in Costa Rica, Spain, Cuba, and other culturally significant places.

Get Some Attention

Take advantage of our small classes—always less than 30, probably less than 20.

Feel at Home

Maximize your academic experience in our state of the art campus facilities.

About This Major . . .

Spanish majors for secondary licensure study all aspects of the language and cultures of the Spanish-speaking world and its teaching, including linguistics, phonetics, phonology, foreign language teaching methods, and the literatures of Spain and Latin America.

The Center for Teacher Education offers a comprehensive program of study that leads to licensure in Colorado. Our professors are experienced, knowledgeable, accessible, and dedicated to the improvement of public education. At Colorado Mesa University, we pride ourselves on the personal touch. Faculty offer one-on-one guidance for course selection, field placements, student teaching, and employment. Our mission is to develop *Educators as Innovators*; we are always looking to improve the quality of learning in our programs and K-12 schools.

As a student, you will gradually accumulate over 200 hours of classroom experience before beginning student teaching. School districts throughout western Colorado provide opportunities to gain experience with children of various ages and backgrounds in a variety of school settings. A minimum of 75 credit hours of general education and content area coursework must be completed with a minimum GPA of 2.80 before a candidate may apply for admission to the Center for Teacher Education secondary licensure program. Please see the Teacher Education Admission Packet for further information on admissions criteria. EDUC 211, Foundations of Education, must be taken before applying to the program.

All CMU baccalaureate graduates are expected to demonstrate proficiency in critical thinking, communication fluency, quantitative fluency, and specialized knowledge/applied learning.

With a Spanish Secondary Education major in hand, you will be able to:

1. express yourself coherently when you speak and write Spanish.
2. demonstrate a good sense of sentence structure, pronunciation, and word formation when you speak and write.
3. discuss important literary and artistic movements and works, and show that you are aware of a wide range of cultural elements in the Spanish-speaking world.
4. understand theories of second language acquisition and teaching methodologies.
5. develop an expertise to teach Spanish to K-12 students in ways that address individual learning styles.
6. design a safe and stimulating learning environment for elementary and secondary education students.
7. teach students to express themselves in Spanish in a real-world setting.
8. develop teaching strategies and design appropriate methods to assess students.
9. reflect on and develop strategies to improve personal performance and intellectual growth.

Program Requirements

A student must follow CMU graduation requirements by completing 120 semester credit hours, including 40 credits of coursework at the 300+ level. See the “Undergraduate Graduation Requirements” in the catalog for additional graduation information. Students should work closely with a faculty advisor when selecting and scheduling courses prior to registration. In general, CMU’s programs of study are based on two curriculum groups:

1. Essential Learning

CMU’s Essential Learning program provides the foundation of skills and information that cuts across all fields of study and the support for advanced concepts that students will later encounter in their majors. Before moving into work at the 300+ level, students complete the Maverick Milestone and its co-requirement, Essential Speech. This pair of courses is a capstone experience where students integrate what they have learned from their foundation courses by making connections among diverse areas of knowledge. The capstone is also an opportunity for students to work with disparate ideas, a critical skill expected of all CMU graduates that will aid them in solving the complex and unscripted problems they will encounter in their personal, professional, and civic lives.

2. What You Will Study in This Major. . .

Foundational Courses

You will take two consecutive semesters in Spanish.

Secondary Teacher Licensure Core

Students will take advanced courses which improve their listening, speaking, reading, and written skills in Spanish. Students will gain complex and sophisticated understanding of Hispanic culture, language and literature. In addition to student teaching, students complete a capstone course (FLAS 498), which is designed to give Spanish majors practical experience in their field(s) of study.
