ANNOUNCEMENT OF POSITION VACANCY
Assistant Professor of Civil Engineering

RESPONSIBILITIES: This position will support the new Colorado Mesa University (CMU) Civil Engineering (CE) Partnership Program with the University of Colorado-Boulder, which offers a BS undergraduate degree. Primary teaching responsibilities include basic lower-level engineering courses supporting the CE program and occasional upper-level engineering courses (in construction, structural, environmental or geotechnical). The average teaching load is 12 credit hours per semester. The successful applicant is expected to develop project-based learning curricular materials and laboratory experiences. The incumbent is also expected to contribute to program development, student advising, recruitment, interactions with industry, accreditation and professional development activities. More information about the engineering programs offered at CMU can be found at: http://www.coloradomesa.edu/engineering/.

EDUCATION & EXPERIENCE:
- A Masters in a relevant engineering discipline is required; a PhD in a relevant engineering discipline is preferred. Relevant disciplines include but may not be limited to structural, construction, geotechnical or environmental;
- Applicants who are registered as a professional engineer (P.E.) or have the ability to become registered are highly desirable.
- Relevant teaching and industrial experience;
- The ability to teach courses in AutoCAD Civil 3d, surveying, engineering design, fluid mechanics, statics, mechanics of solids and/or dynamics;
- A demonstrated commitment to high-quality undergraduate engineering education;
- An interest in engaging in research activities with undergraduate students.

Colorado Mesa University is particularly interested in candidates who have experience working with students from diverse backgrounds and who have a demonstrated commitment to improving the levels of access and success for underrepresented students within higher education.

TYPE OF APPOINTMENT: Full-time, tenure-track appointment to begin August, 2016.

SALARY: Commensurate with education and experience. Excellent health and retirement benefits package.

APPLICATION DEADLINE: Open until filled. To ensure consideration, complete applications must be received by April 15, 2016.

APPLICATION: To be considered for the position applicants must submit:
- A cover letter and CV outlining your qualifications and experience as they relate to the specific requirements of this position;
- Unofficial transcripts for all degrees completed (official transcripts will be required upon hire);
- Statement of teaching philosophy, teaching interests and experience (including a list of courses you are qualified to teach), and research interests as they relate to undergraduate education;
- The following completed forms:
  Applicant Authorization to permit Search Committee members to review candidate transcript
  Applicant Authorization and Release to Conduct Reference and Background Check form
  Voluntary Affirmative Action form
Mail to:
   AP Civil Engineering Search Committee
   Human Resources, LHH 237

ABOUT COLORADO MESA UNIVERSITY: CMU is a rapidly growing four-year state-supported university located in Grand Junction, Colorado. CMU’s engineering programs take great pride in providing educational opportunities and tools that help students succeed in today's complex and interconnected world. The focus is on providing a quality academic experience with fundamentals that respond to regional, national and international employment needs. Grand Junction, nestled between mountains and high-desert canyons, is home to some of the best outdoor recreation in the country and enjoys 300 days of sunshine a year.

Colorado Mesa University is committed to providing a safe and productive learning and living community. To achieve that goal, we conduct background investigations for all final applicants being considered for employment. Background investigations include reference checks, a criminal history record check, and when appropriate, a financial and/or motor vehicle history. Applicant must be able to verify U.S. employment eligibility. Colorado Mesa University is an Equal Opportunity Employer, committed to a culturally diverse faculty, staff and student body. Women and minorities are encouraged to apply.
