Course Description: Culminating activity for students enrolled in internships. Students spend the equivalent of 45 hours per credit hour in an appropriate setting. Prerequisites: 90 hours of accumulated course credit, and faculty supervisor’s permission.

The Internship Information Form must be signed by you, the Site Supervisor, and turned in to your Faculty Supervisor. You must also fill out and sign the Waiver form and complete a Description of academic expectations (Goals of Internship). The completed Internship Information Form, Waiver and Description of academic expectations must be filed with your faculty supervisor PRIOR to the start of the internship. If your internship is out-of-state or out-of-country, you must also include a copy of your insurance card (both front and back).

APPENDIX A
Required Internship Forms
I. THE INTERNSHIP

Every student shall complete an internship in an area related to his/her career goals. Explanations and examples of internship processes and procedures are provided in this manual.

It is important for students to recognize, however, that an internship is a privilege that carries distinct responsibilities. Internships are available only to seniors (90 credit hours or more) in the Fitness & Health Promotion, Adapted Physical Education, Athletic Training and the Exercise Science majors. Students shall only be placed in positions if they have demonstrated maturity, competence, and reliability, both in the classroom and in experiential learning activity. Students MUST finish a MINIMUM of 45 documented hours per credit hour before internship requirements are met (students may divide the internship into segments for credit with the approval of their faculty advisor). Therefore, if you have a 3 credit hour internship, you will need to complete 135 internship hours; 6 credit hour internship, 270 internship hours; 9 credit hour internship, 405 internship hours and a 12 credit hour internship requires 540 internship hours. Finally, because of the competitive selection process, students must realize that they may not secure their top choices of internships. Specific details on the internship application process are available from Dr. Cordova, Dr. Heumann, or Dr. Grieco.

Students serving an internship must remember that performance on the job can either enhance or hinder their career objectives. Eagerness, reliability, and responsibility shall always be in demand. An internship presents the opportunity to establish a reputation for these qualities. Recent years have clearly shown that students who carefully plan and successfully complete meaningful internships have much more positive results in launching their career in Exercise Science, Fitness and Health Promotion, Adapted Physical Education, and Athletic Training.

II. INTERNSHIP OPPORTUNITIES IN VARIOUS INDUSTRY SEGMENTS

Requirements and compensation can vary dramatically; therefore, it is critical that the student identify areas of interest early and then carefully secure an internship in consultation with Dr. Cordova, Dr. Heumann, or Dr. Grieco.

III. ENROLLMENT AND ACADEMIC CREDIT

Eligible students must complete a minimum of 45 hours per credit hour for Internship (KINE 499) in an appropriate setting.

IV. DEADLINES

Paperwork, as described in section XIV, must be submitted and approved before the student begins work as an intern. Since the formal affiliation agreement requires multiple signatures, students are advised to submit the required paperwork at least two weeks in advance of their projected start date.
V. FINANCIAL CONSIDERATION

Students need to plan ahead financially as well as academically. While there are many internships that provide a salary or hourly wage, there are also many excellent opportunities that provide no compensation. Internships need to be considered on the merits and opportunities of potential learning experiences. More important than the immediate financial rewards, an internship is an investment in the future. The skills learned, contacts, and references should be the prime consideration in the selection of an internship. For these reasons, financial planning is very important before a student does an internship. Under most circumstances it is not suggested that a student work another job while completing an internship.

VI. INTERNSHIP PHILOSOPHY

The purposes of an internship are as follows:
A. Provide the student insight into possible requirements and opportunities.
B. Provide the student with practical work experience.
C. Provide the student with a laboratory for application of academic coursework.
D. Provide the student with an opportunity to develop leadership, responsibility, self-confidence, and self-worth.

VII. PROCEDURES, REQUIREMENTS AND RESPONSIBILITIES FOR STUDENTS

A. The student should have completed 90 credit hours of coursework.
B. The student shall engage in a series of advising meetings with their departmental academic advisor to determine career aspirations and possible appropriate internship placement.
C. The student shall complete and submit an Internship Information Form complete with the site supervisor’s signature. Forms may be printed from this manual or picked up from the departmental secretary or a faculty member.
D. The student must secure appropriate forms from this manual. Many of these forms are available at the Departmental website: http://coloradomesa.edu/kinesiology.

1. Bi-Weekly Log Sheets
2. Mid-Term Evaluation Form
3. Final Evaluation Form
4. 3-5 page Final Summary

VIII. GUIDELINES FOR SITE ORGANIZATIONS

A. Introduction

The purpose of this section is to assist the site organizational personnel employing the intern, in guiding the student throughout their internship assignment. The movement of the student from the academic and University-oriented lifestyle into a community agency is challenging to the University, student and the agency or organization. There is a need for careful planning and communication. Students shall be moving from patterns of student life (related to professors and peer groups) into an agency or organization where they shall be working with professionals and dealing with the public at large.
B. Site Organization Selection

The student has indicated a professional area of interest in Fitness & Health Promotion, Adapted Physical Education, Athletic Training, and Exercise Science, and in the opinion of the student and his/her faculty advisor, the placement in the site organization is representative of that area of interest. Every effort is made to match students to the agency that can best fulfill his/her present and future needs.

IX. RESPONSIBILITIES OF THE STUDENT TO THE SITE ORGANIZATION

A. Discuss assignment possibilities with the site organization director. If the student is accepted, a mutual understanding has begun.
B. Perform the duties in a legal and faithful manner and work with the best interest of all concerned.
C. Be responsible for transportation between the University and home or place of work.
D. Solicit input from the site organization regarding their performance.

X. HOW INTERNSHIPS ARE SELECTED

A. Role of the Student
   1. The student should first determine career objectives, such as: what field they would wish to pursue if given the opportunity free of all restrictions. In other words, if a person could be anything they wanted, what would they be? This encourages the student to set and pursue high goals. The student should then investigate all relevant situations that fit their aspirations.
   2. Upon acceptance of an internship, the student shall perform any and all tasks assigned by the site organization, and be an exemplary representative for their own sake, the employer, and the University.

XI. NECESSARY FORMS AND PAPERWORK

Items needed to secure internship.

A. Internship Information Form
B. Waiver (Release Form)
C. Academic Expectations (goals)
D. Copy of Current Insurance Card for Out-of-State or Country Internships

These forms can be obtained from the student’s faculty advisor or downloaded from the Department website: http://www.coloradomesa.edu/kinesiology. Any questions concerning these forms should also be directed to your advisor.

Items needed once internship has been secured:

A. Bi-Weekly Log Sheets: To be submitted every two weeks throughout the internship. Describe duties performed and insight or opinions of assigned duties.
B. **Mid-Term Evaluation:** Site supervisor evaluates intern’s performance on the bottom. Both signatures are needed before submitting. This form is to be completed halfway through the internship.

C. **Final Evaluation:** Supervisor evaluates and describes intern on the basis of their performance over the course of the internship. This form is to be submitted upon completion of the internship with the appropriate signatures.

D. Final Summary: Student prepares and submits a 3-5 page Final Summary of their experiences.

XII. INTERNSHIP PROGRAM CONDITIONS

**A. The Site Organization shall:**

1. Provide Colorado Mesa University with an Internship job title or position description into which a CMU intern is to be placed.
2. Assign an Organization Internship Supervisor who shall schedule work assignments that coincide with the Internship Job Description(s) provided by the Organization.
3. If financial compensation is provided, pay the intern the amount indicated on the Internship Job Description form. Notify the student’s faculty supervisor of any changes concerning an Internship Agreement or Job Description form, if the changes take place while an intern is serving at the Organization.
4. Inform the intern of all organization rules or regulations concerning health and safety, and any other relevant policies or procedures.
5. Allow the intern to attend, without penalty, any mandatory meetings, seminars, lectures, etc., scheduled by the University, unless a written agreement otherwise is made between the University and the Organization. (When Applicable)

**B. The University shall:**

1. Screen all academic interns placed with the Organization.
2. Provide the intern with a copy of the **Internship Information Form** applicable to the internship position.
3. Orient the Organization to the nature and purpose of the internship requirements set forth for any intern placed with the Organization.

XIII. GENERAL REMARKS

The internship program should be utilized by an agency/organization in several ways:

A. As an opportunity to provide input into the training of future professionals in the field.
B. As a way to inject enthusiasm and new ideas into current operations.
C. As an opportunity to undertake projects, valuable to the agency/organization operations, that may have not yet been undertaken.
XIV. RESPONSIBILITIES OF SITE ORGANIZATION TO THE STUDENT

A. The site organization shall provide all necessary forms to be completed by the student (ID, auto-registration, etc. where applicable). Provide any necessary materials needed for the work assignment.

B. The site organization shall inform student of operational procedures through any brochures, etc.

C. The site organization should be prepared for the arrival of the student by having in place temporary delegated duties.

D. The site organization shall familiarize the student with the agency, its objectives, philosophy, policies, and all regulations.

E. The site organization shall familiarize the student with minor duties, gradually adding more as the student’s ability permits.

F. The site organizations shall familiarize the student with resources and materials used by the agency: books, pamphlets, audio-visual aids, reports, releases, etc.

G. The site organization should evaluate constructively, objectively, and tactfully and carefully analyze strength and weaknesses.

H. The site organization supervisor shall return an evaluation form to the student’s faculty supervisor. This information shall be made available to the student who was evaluated, unless specifically requested by the site supervisor.

XV. Role of the Faculty Supervisor

1. The Faculty Supervisor’s role is that of an advisor and evaluator. This is done on an on-site basis whenever possible and practical, but if not, through periodic telephone/e-mail conversations with the site supervisor.

2. The faculty supervisor shall advise students with regard to their own career aspirations, and help students secure internships that the students feel are meaningful and beneficial to their future careers.

3. During the period of the internship, the faculty supervisor shall attempt to communicate with the student for the purposes of advising and feedback. This provides another opportunity for ensuring the success of the placement.

Bi-Weekly Log / Summary

Bi-weekly log consists of detailed notes about what you did and why. Collect charts, flyers, brochures and any reading material you were asked to look over. This portion of the internship is worth 50% of your grade and is to be e-mailed to me every 2 weeks. If it is not, your grade will be reduced. This is time for feedback from the professor to make sure your journaling is detailed enough. Hard copy material can be turned into me at the end of the internship.

Finally, you will write a 3-5 page paper on what you gained from the internship, how it may help you in the future and if you think it was something that sparked an interest for your future career.

Please include your name and the accumulated hours on each log. Also include the name and telephone number of your immediate supervisor on each log you turn in.
