

Dear Parents:

This is just an information letter. Little Mavericks periodically is put into a mock lockdown situation by the GJPD. We have been trained to do so thru our on-campus police team in case a true situation arises. As you know, they are located downstairs for the time being. The best attribute that describes our community and keeps it safe, is the fact that our staff, learners and families work well as a team. It is always good to get your perspective plan. Below are listed a few items that you could do to help us from your end.

- *If coming into the building and notice a **KEEP OUT** sign, this means we are in lockdown procedures. At this point, please leave the area.
- *Please do not call the school. Please understand that we are not able to answer the phone when we are in lockdown because we do not know what the situation is. When we are released by the GJPD, we will take down the sign.
- *Make sure the numbers you have on file are current.
- *Bring identification with you.
- *Make sure you have identified on the “Emergency Release” sheet, who can pick up your children.

Little Mavericks would like to thank the students, teachers, families, and GJPD for their calm and professional response in keeping our community safe.

Sincerely,

LMLC STAFF
