## **MSC teacher ed information session at CNCC Craig campus**

Grand Junction – The Mesa State College teacher education program will host an information session at Colorado Northwestern Community College – Craig campus in November.

The program advisor will hold group orientation meetings and individual advising sessions to explain how to complete the Mesa State Elementary Education degree at the Craig. In this outreach model, students may complete the required licensure coursework at a distance. This program is for those who want to serve the children of our community through teaching without having to relocate or commute long distances.

Colorado Northwestern Community College and Mesa State College collaborate on a program that delivers the courses and experiences you need to teach elementary school in Colorado. This is a rigorous four-year Bachelor of Arts program that provides a background in general liberal arts and education, state teaching licensure, in-depth field learning and mentorship, and professional portfolio development.

Please contact the Counseling Office at the CNCC-Craig campus at 800-562-1105 ext 101 for the detailed schedule and to make an advising appointment.

The education advising visit will be on November 3 at the CNCC-Craig Campus from 10 am to 3 pm.

For further information about the information sessions and the Teacher Education program at Mesa State, you can visit their website at [www.mesastate.edu/eso/teachvisits.html](http://www.mesastate.edu/eso/teachvisits.html) .
