**MC244 OPEN  
FOR "FREE" USE  
MONDAY -  
FRIDAY  
3:15PM-5:30PM**

There will be no classes on Friday, October 13th. The 2nd mod schedule will begin on Monday, October 16. With the new rec space opening after the 1st mod begins, make sure to keep an eye out for newly added classes during 2nd mod in our new space!

**BOXOLOGY** - A powerful cardio workout which includes athletic drills and heavy bag work. It's sure to get you sweating! A limited number of boxing gloves are provided.

**PILATES FOR THE ATHLETE** - Fusing the methods and teachings of the classical Pilates method with unique and focused training techniques, this open level class will define your core and sculpt your muscles while improving posture, flexibility and mind-body connection. The use of props will help target a deep level of intricate muscle toning, fluidity and breath work that establishes the foundation for your everyday health and fitness.

**TRX Core & Conditioning** - Born in the Navy SEALs, Suspension Training bodyweight exercise develops strength, balance, flexibility and core stability simultaneously. This class will utilize interval training, alternating cardio & strength exercises with high intensity cardio drills while incorporating the TRX strap and other equipment at times. Class space is limited.

**ZUMBA** - A Latin based dance and rhythm class designed to tone and sculpt your body! This class is loads of fun and will have you dripping in sweat.

**RISE & SHINE YOGA** - An invigorating series of Sun Salutations and yoga postures tailored to your morning body. This class is designed to help you transition from a waking state into your day by warming and opening every muscle and joint in your body. Leave feeling centered, focused and energized! Better than a double latte!

**YOGA VINYASA** - Vinyasa yoga is a series of postures, one flowing seamlessly into the next, uniting the body, mind, and breathe. Designed as a moving meditation, every Vinyasa class is unique; creating the opportunity to become stronger, more flexible and balanced, while practicing being present in the moment. All levels are welcome.

**POWER VINYASA** - A more intense version of our Vinyasa flow class...

### **INDOOR CYCLING**

Beginners should arrive 5-10 minutes prior to their first class for proper bike set up. All bikes are compatible with SPD cycling shoes. All classes involve steady, consistent pedaling with heavy resistance at times. All rides promote muscular and cardiovascular development.

**MAV CYCLE** - Come get a stimulating and challenging workout as we put our own "spin" on the traditional Spinning class! Classes are choreographed and led by certified instructors.

### **RECOMMENDATIONS FOR ATTENDING GROUP CYCLING CLASS**

Participants should bring a towel and water bottle to every class. New participants are encouraged to arrive to class at least 5-minutes before class begins in order to allow time for proper bike set-up. Our bikes have SPD clips. Participants are welcome to bring cycling shoes that clip into our pedals, but may not remove the pedals and insert their own clips.

### **GROUPX CLASS POLICIES & ETTIQUITE**

- Class space is limited and available on a first come, first serve basis.
- Reserving space is not permitted.
- Please keep conversation to a minimum - Conversing with friends during class is distracting to both the instructor and other members!
- Equipment should be returned to the proper storage area and should not be removed from any GroupX space.
- Please use care when using weights and other equipment to prevent damage to the floors.
- Only water bottles with a secure lid are permitted. No food or gum.

**5-Minute Rule: Participants may enter a class up to five minutes after the scheduled start. Entrance is prohibited after five minutes have passed to ensure that all participants arrive early enough to become sufficiently warmed up for the vigorous parts of each class.**

**Members 12 years and under are NOT permitted in any GroupX class. Members 13-17 years old may participate with an adult guardian present at all times.**

“Express” classes are abbreviated versions of the original class.

Please see the Hamilton Rec Center web page for more information and all schedule updates.
