

ACADEMIC RENEWAL PETITION

For students who have sat out more than five years and do not want to use any prior course work.

Effective with the 1996-97 catalog, Colorado Mesa University Academic Renewal Policy regulations are as follows:

A student who re-enrolls at Colorado Mesa University following an absence of at least five years may be eligible for "academic renewal." If "academic renewal" is approved, **none** of the course credits and grades earned at Colorado Mesa University prior to the five-year minimum absence will be used for meeting graduation requirements or in determining the student's grade point average.

Among the requirements to be eligible to apply/petition for "academic renewal" is that after re-enrollment, the student must have completed an additional 24 academic course credits at Colorado Mesa University, excluding kinesiology activity courses and remedial courses below the 100 level, with a minimum grade point average of 3.0. The student must apply/petition no later than the semester following the completion of these 24 additional credit hours. Matriculation and/or course completion at other institutions during the five-year period of absence has no bearing on the application/petition.
