Partial Withdrawal From Semester

If a student leaves at least one class on their schedule, tuition is adjusted to reflect the courses left on the schedule, plus the cost of classes that were "withdrawn" from in the "No Refund" time frame. A total withdraw form is not necessary, but the student may need to use the Change of Schedule/Special Permission form if the drop deadline has passed. The student may adjust their schedule via MAVzone, through the Registrar's Office, WCCC Student Services, or Montrose Students Services. See the [Add/Drop/Withdraw Deadlines](#) page dates/information on adding, dropping, and withdrawing.
