Dotsero Landing

Quick Facts

Number of Acres Preserved: 8.5

Public Access: Yes

Cost to Open Space Fund: \$650,000

Year Purchased: 2011

Located on the Colorado River near Dotsero, this 8.5 acre parcel was acquired by Eagle County in 2011 to serve primarily as a take-out site for boaters exiting the Colorado River. The current take-out spot is located downstream, but will be eliminated by a pending Colorado Department of Transportation project to construct a new bridge over the river, starting in late 2012 or early 2013. Eagle County anticipates having Dotsero Landing available for public use before the loss of the current site downstream from the US Highway 6 bridge.
