

*From Colorado to
Uganda
with Hope*

Sept 3, 2014

**Faculty
Colloquium**

12-1 pm UC 222

Join Global Health Consultant and Assistant Professor of Nursing, Beverly Lyne, RN, MSN, for an intimate glimpse into rural Uganda. Beverly's international work began with a 1972 University trip to the West Bank. She and 3 CMU/BSN graduates have just returned from Uganda, where Beverly has been nursing since 2005. The grads participated in the Global Health: Nicaragua 2013 course. Please join us for a peek at a true demonstration of caring.
