

Faculty Colloquium
Wednesday April 16
12 noon in UC 235 (West Ballroom)
Ms. Courtney Kasun
Assistant Professor of Nursing

Healthcare Decisions: How to Secure Your Wishes in Colorado

April 16th, 2014 is National Health Care Decisions Day. To promote this cause, Courtney Kasun, a Registered Nurse with Certification in Hospice and Palliative Care, will be presenting a faculty colloquium focused on health care decisions. Different types of advanced directives will be reviewed, as long as basic Colorado law regarding these decisions. Copies of forms and Five Wishes advanced directive booklets will be available to begin, take home, or receive guidance on. Please come learn about the methods for protecting your wishes in Colorado and bring questions!
