

TWO YEAR COURSE PLANNING CALENDAR

Colorado Mesa University offers a vast array of courses at numerous locations and in various formats (courses offered on the Montrose campus can be found throughout the document, and in a separate section starting at the end of the course listing). Some courses are offered every semester, while others are only offered bi-annually or when demand has been expressed. This course planning calendar has been developed to assist students with planning their degree program. If you have questions about course offerings please contact the department offering the course.
