This year, faculty professional development will look different than it has in years past. Instead of holding a series of workshops the week prior to the start of the semester, the Office of Academic Affairs will hold one afternoon workshop after the start of the fall semester. All full- and part-time faculty are invited to participate in this important workshop on faculty development. This workshop will begin with a 12:45 pm check-in, followed by the workshop at 1–4 pm. Light afternoon snacks will be provided.

Center for Teaching and Learning

Come be part of the conversation about our dream state for faculty development at CMU!

During this 90-minute session, we will consider what faculty development—and a Center for Teaching & Learning—might look like if there were no limits to our imagination—or resources. Led by Cher Hendricks, Vice President for Academic Affairs, this will be an awesome opportunity to reconnect with your colleagues, meet new faculty, and get the academic year off to an exciting and engaging start.
