“Pursuing Fulbright
Opportunities as a CMU Faculty
Member”

The Fulbright Program is the U.S. government’s flagship international educational exchange program and is designed to increase mutual understanding between the people of the United States and the people of other countries. Established in 1946 under legislation introduced by U.S. Senator J. William Fulbright, the Fulbright Program provides participants—chosen for their academic merit and leadership potential—with the opportunity to study, teach and conduct research, exchange ideas, and contribute to finding solutions to shared international concerns. The Fulbright Program operates in over 160 countries worldwide. Approximately 8,000 grants are awarded annually.

AVPAA Tim Pinnow, our institutional liaison to the Fulbright program, and Dr. Barry Laga, a previous award winner, will discuss the value of a Fulbright experience and the various types available to our faculty.

Bring your lunch and a colleague!
