

Teacher2Teacher Knowledge Repository

The Teacher2Teacher committee and Distance Education have partnered to create a repository of resources and faculty-generated tutorials and quick tips. We hope these videos and resources help you as you set up your courses, your D2L shells, and assess student work throughout each semester. A few “course tours” are available, as are tips and tricks for face-to-face, hybrid, and online courses. You can self-enroll in T2T’s Knowledge Repository by following the instructions below.
