About this Minor . . .

The International Studies Minor recognizes the complex interconnections between academic disciplines, peoples in cultural contexts, and opportunities for social and economic advancement for our graduates.

Students from a wide variety of disciplines can supplement their major in business, social sciences, natural sciences or humanities with an international focus through this minor. This will help them to understand the changing nature of their field while making their degree more marketable in a global workforce.

Students choose from a menu of options drawn from disciplines across the campus. The interdisciplinary nature of the international studies minor is essential for preparing our students to enter into the new global marketplace of ideas and goods. Students taking the International Studies Minor are encouraged to enhance their experience at Mesa State by participating in a variety of Study Abroad opportunities available while attending MSC.

RECOMMENDATION – Study Abroad Experience
As part of their program, students will be encouraged to participate in an international experience in consultation with their advisors. This experience could be a semester or summer abroad, an international internship, an intensive immersion language program in another country, or participation in a growing number of study abroad opportunities offered by Mesa State College. The credits received from this experience could be used to fulfill general education requirements or program requirements including unrestricted electives, but are not intended to add to the 120 hour graduation requirement. Substitutions would need to be approved by an advisor and department chair prior to the international experience.
