About This Emphasis . . .

The Associate of Arts (A.A.) degree is designed for students who intend to continue their education and obtain a baccalaureate degree. The A.A. is the appropriate choice for students who will take upper division coursework in the arts, humanities, or social and behavioral sciences. The degree program includes the Colorado Statewide General Education Core and meets the lower division general education requirements at most public institutions in Colorado.

The Social Science major provides students with the opportunity to develop a broad understanding of the various disciplines which traditionally comprise the Social Sciences; History, Political Science, Sociology, Psychology and Geography. The Social Science program provides an excellent and broad preparation for many different career goals including Social Science education, graduate school in several disciplines, law and public service.
