Degree: Bachelor of Arts
Major: Social Science (Interdisciplinary Major)
www.mesastate.edu/schools/shss/sbs/ss.htm

About This Major . . .

The Social Science Major provides students with the opportunity to develop a broad understanding of the various disciplines which traditionally comprise the Social Sciences, including History, Political Science, Psychology, Sociology, Economics, and Geography. Many students come to the Social Sciences in search of a broad background in several of the Social Science content areas. Many others are preparing to enter the teaching profession. The Social Science Program provides an excellent and broad preparation for many different career goals including Social Science education, graduate school in several disciplines, law and public service.

Social Science students are asked to focus on one primary area of study where they take eighteen hours of credit (15 hours must be from upper division classes). In addition, Social Science students must select a secondary area of specialization, which entails 9 upper division hours of coursework.

The Social Science major provides excellent preparation for students seeking an interdisciplinary liberal arts experience. Students take significant coursework in two of the Social Science subfields and complete at least one (or two) introductory classes in four other disciplines.
