About This Major . . .

The Bachelor of Business Administration (BBA) is designed to prepare students for the challenges of today’s organizations, as well as, the business world of tomorrow. The program provides students with the knowledge, skills and abilities to compete in both the local and global business environments. Additionally, the program allows for an emphasis in a specialized area such as management, marketing, finance, economics or travel and tourism.

The BBA degree can be applied in various fields such as medicine, the arts, sports, and education. In addition to positions in corporate America, nonprofit organizations like hospitals, school systems, and theaters also require people with business training and skills. Graduates of BBA programs hold positions in organizations from entry level manger to chief executive officer. Mesa State's BBA graduates are entrepreneurs, small business owners, bank vice-presidents, product managers in advertising firms, and project and operations managers in manufacturing organizations.

The BBA is a very versatile, flexible and valuable degree. Many of Mesa State’s BBA graduates have gone on to earn advanced degrees in business such as the Master of Business Administration – one of the most sought after degrees by employers in today’s job market.
