About This Major . . .

The Center for Teacher Education offers an innovative, holistic program of study that leads to licensure in Colorado. At Mesa State, we pride ourselves on the personal touch. Our professors are experienced, knowledgeable, accessible, and intensely dedicated to the improvement of public education. Faculty offer one-on-one guidance for course selection, field placements, student teaching, and employment. Our motto is "Educators as Innovators," which means we are always looking for ways to improve the quality of learning in our programs and in the schools in which we work.

As a student, you will gradually accumulate over 200 hours of classroom experience before beginning student teaching. School Districts throughout western Colorado provide opportunities to gain experience with children of all ages and backgrounds in a variety of school settings.

The elementary licensure program provides teacher education candidates broad field content knowledge and prepares them as teachers for grades K-6. A minimum of 60 credit hours of general education and content area coursework must be completed with a minimum GPA of 2.80 before a candidate may apply for admission to the Center for Teacher Education elementary licensure program. You must be formally accepted into the Teacher Education Program before taking education courses. Please see the Teacher Education Admission Packet for further information on admissions criteria.
