About This Major . . .

The BFA degree in Art with a concentration in Art History combines strong curriculum requirements in both studio and art history courses. Students in this major will develop advanced skills in particular studio techniques and will engage in in-depth study of historic and contemporary artists, art movements and styles. This degree can lead to professional employment in art museums and galleries, art publishing houses, and other areas of art services. The degree will also prepare students for advanced, graduate-level art history studies.
