

**2012-2013 PETITION/PROGRAM SHEET**  
**Degree: Bachelor of Applied Science**  
**Major: Public Administration/Public Safety**

**About This Major . . .**

The Bachelor of Applied Science in Public Administration/Public Safety combines the technical skills required of first responders with the management training necessary for success in areas related to public safety. A unique program, the B.A.S. allows students who have already earned a certificate in criminal justice, fire science, emergency medical technician or related fields from a credited institution of higher education to build on their technical specialties with general education courses and junior and senior level management classes. B.A.S. students will be technically and academically prepared for leadership positions in their chosen fields. This degree will assist students in their upward mobility in their area of employment as they move into supervisory positions.
