

2014-2015 PETITION/PROGRAM SHEET
Degree: Bachelor of Science in Nursing

About This Major . . .

The Baccalaureate of Science in Nursing (BSN) Program is approved by the Colorado State Board of Nursing and accredited by the Commission on Collegiate Nursing Education (CCNE). The four-year program provides educational experiences to prepare a professional nurse generalist to practice in a variety of health care settings.

The department usually receives about three times more nursing applications than it can accept. Therefore, grades and completion of required courses are considered in the application process, as well as the score on a standardized entrance test. Colorado Mesa's BSN nursing program started in 1988 and has been fully accredited since its inception.
