

This minor will provide students the knowledge and skills that are in high demand in all aspects of the behavioral health field. Students receiving this minor will be provided with the latest evidence-based practices, research studies and best practices in the field of addictions. This 24 credit hour minor is offered to meet the educational requirements that are needed for the CAC certification as outlined by the Colorado Department of Behavioral Health (DBH) and offered through the Department of Regulatory Agencies (DORA). These courses seek to enhance the student's counseling abilities, knowledge and competencies in becoming an addictions professional. By completing the requirements of this minor students will be eligible to take the NADAAC exam and apply for their state of Colorado CAC certification. All required classes seek to enhance the student's ability to offer addiction treatment services in a manner that respects gender, race and ethnicity, sexual orientation, cultural, familial, systemic and socioeconomic diversity.
