

Best practices for using this document:

- All countries not listed in CMU's "Countries Exempted from Proof of English Proficiency" will be required to submit English Proficiency Proof (medium certificates not accepted).
- To ensure efficient processing, documents should be submitted in English. Submissions in other languages may be accepted if they are easily readable by English-speaking staff. Documents written in non-Latin scripts or formats that require translation will not be accepted unless an English translation is provided.
- This is not a comprehensive list of all countries, states, or territories. If your country is not listed, please contact the office for assistance. If your country follows the academic system of a former governing or administering country, please follow the corresponding guidelines.
- This list includes the academic transcripts most frequently submitted to CMU. If you have obtained a qualification equivalent to U.S. secondary education and it is not listed, please contact the office for further guidance.
- If your country requires national examinations to complete secondary education, CMU requests submission of those examination results in addition to your transcripts. For countries whose academic calendars do not align with the start of CMU's August and January semesters, SAT or ACT scores may be accepted on a case-by-case basis.
- Within the "Minimum Required Credential" column, credentials may be presented in English or in the originating country's language. Applicants should upload the document(s) that most closely correspond to the listed requirements.
- Use **Ctrl + F** to quickly locate your country within this document and navigate directly to the relevant requirements.

Country	Minimum Required Credential	Required Documentation
