Housing will remain open for students with extended semesters at no additional costs. These students will be transferred to Lucero Apartments and will be responsible for their own food. They should contact Residence Life at reslife@coloradomesa.edu for the transfer. If there are additional questions that we need to think through please let me know.

Graduation – Students needing these hands on extended courses to graduate will still graduate. They will just need to finish up the coursework as described above.

Best,

Brigitte
