

Public vs General Accounting

Do you wish to pursue Certified Public Accountant (CPA) licensure?

Public Accounting

This degree plus 30 hours meets Colorado education requirements for CPA Exam and licensure.

*Note that there are three other requirements for CPA licensure - CPA Exam, ethics exam, and experience.

General Accounting

This degree provides basic business skills and accounting knowledge needed to work in an accounting department in private industry or government.

Speak with your accounting advisor for more information.
