# ACCOUNTING MAJOR

## Baccalaureate in Accounting Program

### ADMISSION APPLICATION

To be admitted to the Accounting Program at Colorado Mesa University, students must meet several prerequisites. Prior to admission, potential Accounting Majors will be given the classification code for “pre-Accounting.” To be eligible for admission, a student must have successfully completed the following:

1. 30 credit hours with a 2.50 GPA, or better
2. English Composition (ENGL 111 and 112 or 129)
3. 9 hours of the General Education Requirement excluding the English (requirement listed above)
4. College Algebra (MATH 113) or higher
5. Business Information Technology (CISB 101) or higher
6. Principles of Management (MANG 201)
7. Financial & Managerial Accounting (ACCT 201 & 202) with a minimum 2.5 GPA
8. Business Communications (BUGB 211)

An application for admission should be submitted to your Accounting Advisor when you have met the above requirements. **A grade of “D” in any one of the courses specifically identified above is not acceptable, regardless of overall GPA.** Exceptions to any of the above requirements may be made by the Admissions Committee in unusual circumstances including, but not limited to, non-traditional students who are starting over after bad grades many years ago.

#### Program Requirements

The faculty is committed to excellence in the Accounting Program at Colorado Mesa University and we expect you to strive for the same. To remain an Accounting major you must earn a C or better in all major courses and maintain a high level of professionalism in all Accounting Program related coursework, events, and opportunities to engage with accounting professionals.

In order to take most junior and senior-level Accounting classes, a grade of C or better is needed in ACCT 321 Intermediate Accounting I. This rule applies to ACCT 322 Intermediate Accounting II, ACCT 350 Ethics for Accounting Professionals, and ACCT 392 Accounting Information Systems. In the event you earn a grade of D, F, or I in ACCT 321 Intermediate Accounting I, you may be academically withdrawn from any of the above listed junior-level Accounting classes that you have enrolled in for the next semester. Contact the instructors of every junior-level (or higher) accounting course you plan on taking in the following semester. In addition, you should meet with your Accounting advisor to see which other classes you should take.

In order to take senior-level Accounting classes, a grade of C or better is needed in ACCT 322 Intermediate Accounting II. This rule applies to ACCT 401 Governmental Accounting, ACCT 402 Advanced Accounting, ACCT 401 Auditing I, and ACCT 441 Individual Income Tax. In the event you earn a grade of D, F, or I in ACCT 322 Intermediate Accounting II, you will be academically withdrawn from any 400-level Accounting classes that you have enrolled in for the next semester. In this case, you should meet with your Accounting advisor to see which other classes you should take.

Please indicate that you have read and understand the above information by initialing here: \_\_\_\_\_
