Description

Mainly looking for a marketing student (preferably a Junior or Senior to get a workforce contract to be paid by the county) to bring fresh ideas to market for this amazing small business. You will need to help out with a little bit of the logistic side of the business but it is extremely simple if you are willing to learn. Jen mainly needs help with marketing ideas and spreading the word of this business to attract more clients. We are a second hand natural healing business and we believe in using natural technologies and products to help each of our clients meet their health and body goals, while providing a unique, individualized experience.

Job Duties

- Check clients in and out
- Phone call communication skills
- Friendly attitude to interact with guests
- Help set up machines for clients' service sessions - can be trained on
 - Only safety training for cryotherapy sessions, up to discussion with owner
- Do laundry, clean bathrooms, and vacuum every now and then

Marketing Duties

- Right now
 - Instagram and facebook posts every day
 - Emails every monday morning
- Need more ideas and marketing help to bring in more clients and client retention
- Fresh and new photos for marketing content
- Create and implement marketing plan
