

SUMMER WATER TREATMENT PLANT INTERN

Ute Water is looking for two (2) summer Water Treatment Plant Interns who are highly motivated, organized and hardworking. Duties will include, but are not limited to, efficiently assisting the laboratory with non-compliance distribution sampling, using laboratory equipment to determine, pH, temperature, and chlorine residuals. Assist with coordinating distribution system flushing in areas determined through this testing. Aid in the collection of water samples in the District's watershed by helping load and unload boats and gear and working with the Water Resource Specialist to obtain samples. Assist with treating the Jerry Creek reservoirs and collecting and managing reservoir data from the Sonde data logger. This position requires excellent customer service and communication skills, works outside in all weather conditions, performs heavy physical labor, and operates a motor vehicle and hand tools. Ute Water offers a competitive hourly wage of \$18.00 per hour. This is not a benefited position. This position is eligible for holiday pay and statutory paid sick leave. The schedule will be Monday-Friday from 7:30am – 4:00pm but may vary depending on assignment. The duration of this position is anticipated to be 3 months. EOE.

Applicant Must:

- Be at least 18 years of age by the start of employment.
- Be enrolled as a continuing student in a degree program at an accredited college or university.
- Follow specific instructions/directions.
- Possess a valid driver's license with a clean driving record.
- Pass a background check, drug screen, and physical.
