

Discussions

Online discussions provide one of the best ways to engage and collaborate in an online class. Most of the interaction between classmates and the instructor takes place using the Discussions tool in D2L. Usually required discussions are already linked in the content area of the course, but all discussions can be viewed directly from the navigation bar as well.

- How to Engage in Discussions

Create a discussion thread

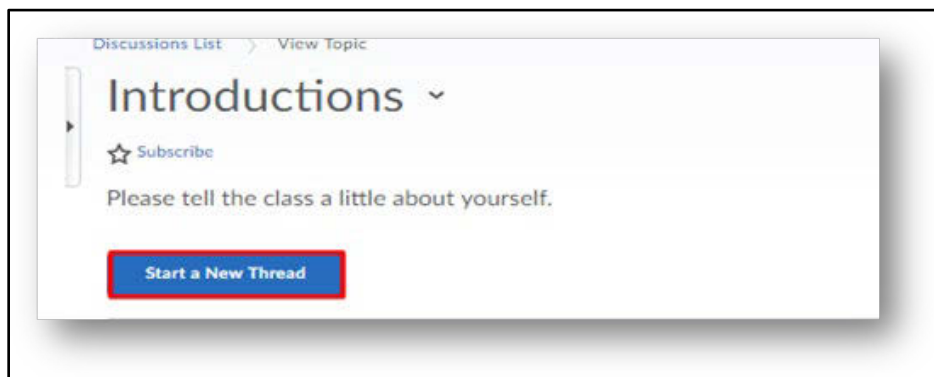

1. On the navbar, click **Discussions**.

2. Click the topic where you want to create a thread.

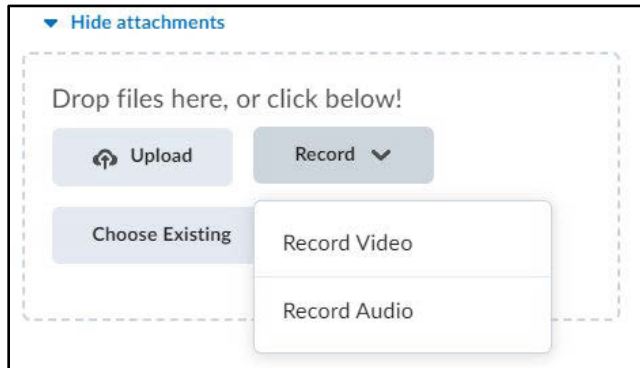

3. Click **Start a New Thread**.

4. Enter a subject. Then enter your post.

- To receive updates on the thread using your selected notification method, select **Subscribe to this thread**.

Note: To attach a file in the **Add Attachments** area:

- Click **Upload** to locate the file that you want to attach.
 - To attach a video or audio recording, click **Record**. To adjust your microphone selection and volume, click **Flash Settings**.
 - If you have an existing file or prerecorded video/audio in My Locker Media Library, click **Choose Existing** and select your file.
 - For more information on video/audio files and/or Media Library, check out [Using Video Note with Discussions](#).
- Click **Post**.

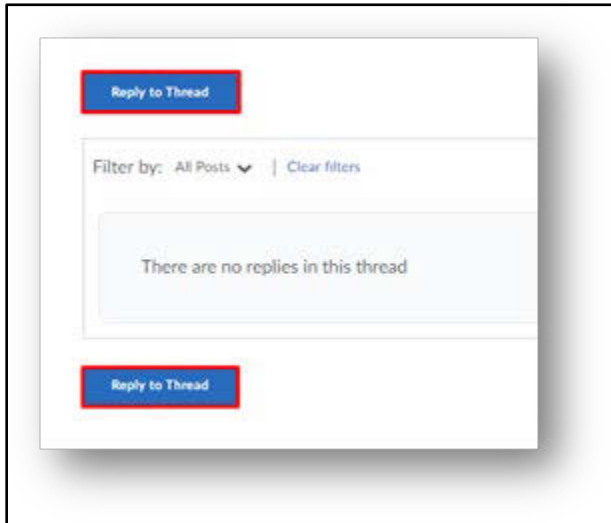

View a discussion topic

- On the navbar, click **Discussions**.
