

## Quizzes

The Quizzes tool houses online quizzes, exams and tests. While many questions are instantly graded after submission, short and long answer type questions are usually graded manually by your instructor. Quizzes are usually time and date restricted and can be set up with a multitude of options. Learn where and how to access your quizzes or exams in D2L.

## Take a Quiz

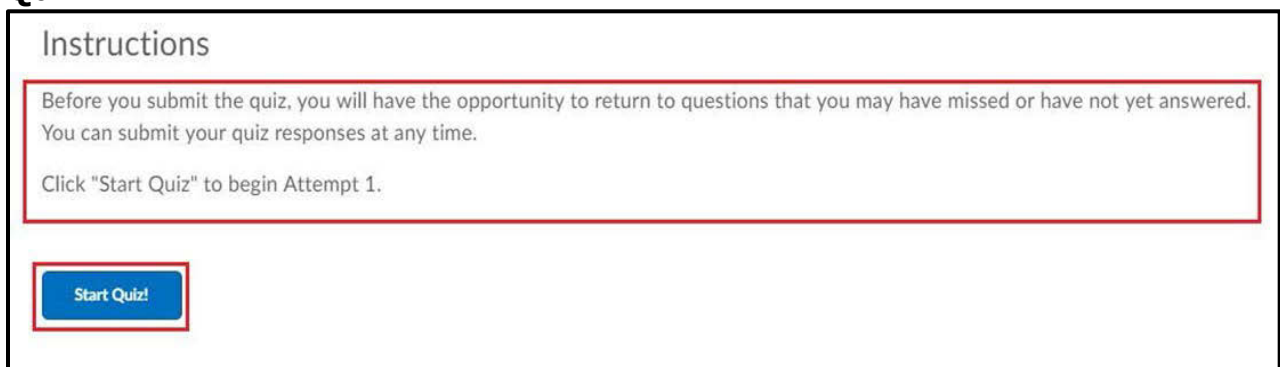

1. On the navbar, click **Quizzes**.

2. On the **Quiz List** page, click on the quiz you want to take.

3. Read the Instructions and details for the quiz, and when you're ready, click **Start Quiz!**

4. Answer each question. Questions are automatically saved as you answer them.

Question 2 (2 points) ✓ Saved

Aurorae are considered to be a form of electricity that can generate up to 900 giga watts of power.

True

False

5. Additional setting may also appear:

- a. If your quiz is timed, the **time limit** and the **time left** will show in the upper left-hand corner.
- b. An outline showing the number of questions and page structure appear to the left of the quiz questions. You can see which questions you have saved answers to in the **Questions section** of the quiz's left panel. If your instructor has enabled navigation between questions, you can also click the question number in the quiz's left panel to go back to the question.
- c. To navigate between pages, click **Next Page** or **Previous Page**.

**Auroral quiz**

Time Limit: 0:20:00    Time Left: 0:08:59 a    Isla MacDougall: Attempt 1
