Quizzes
The Quizzes tool houses online quizzes, exams and tests. While many questions are instantly graded after submission, short and long answer type questions are usually graded manually by your instructor. Quizzes are usually time and date restricted and can be set up with a multitude of options. Learn where and how to access your quizzes or exams in D2L.

Take a Quiz

1. On the navbar, click **Quizzes**.

2. On the **Quiz List** page, click on the quiz you want to take.

3. Read the Instructions and details for the quiz, and when you’re ready, click **Start Quiz**!

Instructions

Before you submit the quiz, you will have the opportunity to return to questions that you may have missed or have not yet answered. You can submit your quiz responses at any time.

Click "Start Quiz" to begin Attempt 1.
4. Answer each question. Questions are automatically saved as you answer them.

5. Additional setting may also appear:
   a. If your quiz is timed, the **time limit** and the **time left** will show in the upper right-hand corner.
   b. An outline showing the number of questions and page structure appear to the left of the quiz questions. You can see which questions you have saved answers to in the **Questions section** of the quiz's left panel. If your instructor has enabled navigation between questions, you can also click the question number in the quiz's left panel to go back to the question.

6. In some cases, the quiz may be set up to restrict you from moving backward in a quiz. If so, you will need to confirm that you want proceed to the next page.
7. After you answer all quiz questions, click **Submit Quiz**.
8. A quiz submission confirmation screen will appear, click **Submit Quiz** again to submit your attempt. If there are any unanswered questions, you will be alerted before you submit the attempt.

**Viewing Feedback on a Quiz**

If the instructor has set up submission views, you can view your past quiz submission by following these steps.

1. Select **Quizzes** from the course navigation bar.
   
   ![Quiz Navigation](image)

2. Locate the appropriate quiz and in the **Evaluation Status** column, click **Feedback: On Attempt**.
3. Click on the attempt you wish to review. The settings chosen by your instructor will determine the information you are allowed to view on the attempt.

4. Note: If your quiz Requires Respondus LockDown Browser to view feedback, you must use Launch LockDown Browser to view your quiz submission.
Turning Off Quiz Timer in D2L

Students can now control their quiz timer in D2L. The Quiz timer can be found in the top right of the Quiz screen in D2L.

To hide this timer, hover your mouse cursor over the timer and then select Hide Timer.

To re-enable the timer simply click Show Timer.

Students will also be alerted when the timer reaches ½ time remaining, again when there are 5 minutes remaining, and one final time when there is 1 minute remaining. These alerts cannot be disabled.
