Introduction Courses

If you'd like to experience D2L tools in action, you may self-register for an introduction course. This course provides a hands-on experience, enabling you to practice using tools such as **Assignments**, **Discussions**, and **Quizzes**. A student version and a faculty version are available. (If you've previously taken or taught a hybrid or online course at CMU, you already completed a similar course, but you are still welcome to self-enroll in a refresher.)

To self-register:

1. Go to **CMU's website**: <https://www.coloradomesa.edu/>
2. Log in to **MAVZone**.

3. In **Applications**, click on **D2L**.

4. On **D2L landing page**, click **Self Registration**.
