How to Self-Register for Courses in D2L

Introduction Courses

If you’d like to experience D2L tools in action, you may self-register for an introduction course. This course provides a hands-on experience, enabling you to practice using tools such as Assignments, Discussions, and Quizzes. A student version and a faculty version are available. (If you’ve previously taken or taught a hybrid or online course at CMU, you already completed a similar course, but you are still welcome to self-enroll in a refresher.)

To self-register:

1. Go to CMU’s website: https://www.coloradomesa.edu/
2. Log in to MAVZone.
3. In Applications, click on D2L.
4. On D2L landing page, click Self Registration.
