**V. Information Items**

- A. For the SLO, topical course outline, semester offered and minutes, the following is a rationale that could be used for all changes: ***Typical semester offered, SLOs, Topical Course Outline, and Course Minutes were added (info was not transferred when CIM was implemented).***
- B. All curriculum proposals must also have any affected program proposals submitted before Executive Committee will review. For course proposals to be reviewed for this year, all course modifications and impacted program modifications must be in CIM before February 6<sup>th</sup>, 2023.

- C. Executive Committee meets two weeks, usually, before UCC. Since Exec Committee needs time to review the proposals before the Executive meeting, proposals need to be in CIM and to the UCC Executive queue by at least Monday of the week the Executive Committee is meeting.
- D. Please do not use first person in the proposal justifications and ensure that all departmental faculty, as appropriate, have provided input to the proposed changes.
- E. Please remember to include course change justification information in program justifications. Referencing that there was a change is not quite enough.

**VI. New Business**
