Course Deletion

1. THEA 203: Theatrical Design Studio II
2. THEA 303: Theatrical Design Studio III
3. THEA 404: Theatrical Design Studio IV

**V. Information Items**

- A. The justification for curriculum changes will go as written to Faculty Senate and BOT. Please insure this is well-written and easy to understand for someone not in the department originating the proposal.
- B. Curriculum should not be created based upon a specific faculty. Topics courses are a better mechanism for specialized courses. Curriculum should be based upon the coursework that best fits that program.
- C. If a course is significantly changed through the course description, course content and/or SLOs, that course will need to be deactivated and a new course proposed. The course number may not be “reused”.
- D. Remind faculty to use templates when creating new programs. It will make the process much easier.
- E. Course changes and program modifications should be submitted to workflow at the same time.
- F. April meeting to include voting on revised curriculum manual, revised calendar and descriptions for reserved numbers which will be included in manual.

**VI. New Business**

- A. Meeting date change for January meeting in the future.
- B. New Curriculum Calendar
