Summary of UCC Actions on Curriculum Proposals

9/22/2016

Proposal	Committee Action	Members (motion/second)	Effective Date
1 Program Modification: BM Music with Elective Studies in Business and Entrepreneurship: 3281	Approved	Longest, LaBombard- Daniels	Fall 2017
The new program name is "BM, Music with Elective Studies in Business" to align with degree title standards set by the National Association of Schools of Music (NASM). No additional discussion.			
2 Course Modification: PSYC 314 Psychology of Learning	Tabled	Elliot, Flanigan	Spring 2017
Prior to being tabled, a motion to approve the modification to PSYC 314 was made (Longest/Fritz). Gurka pointed out that PSYC 201 is currently listed as a prerequisite for PSYC 314 in the catalog but was not included under the current or proposed prerequisites on the course modification sheet. It was unclear whether or not PSYC 201 would continue to be a pre-requisite or removed as a pre-requisite. Jennings will seek clarification from the program faculty.			
3 Program Modification: BA Political Science: 3718	Approved	Longest, LaBombard- Daniels	Fall 2017
Program sheet revision to reflect the correct prefix for a course, which is POLS 342 rather than PADM 342. PADM 342 does not exist, although PADM is an existing prefix and the current PADM courses are included on page 233 of the 2016-17 Catalog. The program sheet revision also clarifies that majors must pass the foundational courses with a grade of "C" or higher. No additional discussion.
