Proposal to Modify Program Based on the Essential Learning Curriculum

Name of Program: Bachelor of Arts in Music with a Concentration in Elective Studies in Business

Name of Department: MUSIC

The program above chooses to make the following modifications to maintain its current **total number of credit hours** (check only **one**):

The program will delete one credit hour from general electives.

The program will delete one credit hour from the activity course requirements.

Please note any other changes to the program sheet that are **directly** related to the new Essential Learning requirements (most programs will not have any further changes):

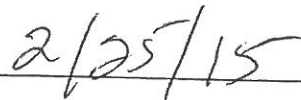

Currently, ACCT 201 is the prescribed course in Applied Studies for this degree. This will no longer be able to be prescribed. Because of standards set by the National Association of Schools of Music that students in this degree have a functional knowledge of accounting [*NASM Handbook 2014-2015, Appendix I.E., Section 2.D.b(2)*], this course must be required.

The Music Department is proposing that the "Business Core" in this degree be increased to 15 credits, and ACCT 201 listed in this core. The "Electives" section will be reduced to 3 credits.
