Body Donation Packet for Donating Deceased Individual

This packet contains all the forms required for registering with our body donation program; policy sheet, body donation document, and body donation questionnaire. Please feel free to contact us with any questions you may have. Please read the packet in its entirety.

1. **Body Donation Program Policy Document.** Please read, sign, and have your signature witnessed by two individuals.

2. **Body Donation Form.** This helps us ensure that you are the person that, according to legal authority, as the authorization to donate the body. The relationship to the decedent is listed in order of precedent. So for instance, should there be no designated agents or a spouse, an adult child takes precedent over a parent. Please be sure that other potential agents of the deceased are in agreement with the donation.

3. **Biological Questionnaire**
   
   A. Please complete this form to the best of your ability. If you cannot complete part of the form, leave it blank.
   
   B. Information provided contributes information for our research.
Body Donation Program Policy

The donation of a person's body after death is a tremendous gift. We are grateful for everyone who expresses an interest in body donation. We appreciate your attention to the following.

1. Unlike medical schools, we do not return remains to the family. The skeletal remains are a very important component to our research and teaching program.

2. We reserve the right to decline donations of individuals who have some form of infectious disease such as HIV, tuberculosis, hepatitis of any kind, or antibiotic resistant infections such as MRSA, even if contracted after donation is arranged. **EMBALMED BODIES CANNOT BE ACCEPTED.**

3. Donors with an infectious disease who still wish to donate may do so by choosing to have their remains cremated. A collection of cremated remains provides an invaluable learning resource. People choosing this option should contact us prior to making arrangements. This allows us to work with the crematory involved to ensure the remains are not pulverized. The family must assume responsibility for the arrangement and cost of cremation.

4. We also reserve the right to decline a donation if our facility is at capacity. In case of denial by the University, alternate final arrangements should be discussed by the Donor and/or the family.

5. The determination of acceptability shall be made by CMU in its sole discretion.

6. We will arrange transportation to our facility if the deceased is located 75 miles of Grand Junction, CO. Outside the designated area, the Donor and/or the Donor's family must make arrangements for the transportation of the body to our facility and assume responsibility for any associated costs.

7. We need to have signed donation documents prior to transporting. This may be a faxed copy, but the original must be sent as soon as possible. Your donation paperwork will not be complete until originals are returned. An authorization for final disposition needs to accompany the body.

8. Pre-Donor paperwork needs to be returned to the Forensic Investigation Research Station at the time of completion in order for a file to be established. Changes of address or medical status should be sent to keep Donor files up to date.

9. Pre-Donor paperwork needs 2 witnesses to verify your signature, but does not need to be notarized.

10. We do not perform autopsies to determine cause of death on donations to our program. In Colorado, the Coroner should determine that no autopsy is needed before the donation is released to our program.

If you have any questions or concerns that have not been addressed in this letter, please feel free to contact us at 970-248-1219.
I have read, understand, and agree to the body donation policy of the Colorado Mesa University Forensic Investigation Research Station.

Document for Donation of Deceased Person

I, (print name) ________________________________________________________________, hereby

donate the remains of (deceased) ________________________________________________

to the Colorado Mesa University Forensic Investigation Research Station for the purpose of

forensic decomposition studies. By signing this document, I affirm that I am (check all that apply):

[] an agent of the decedent at the time of death who has authority to make an anatomical gift;

[] the spouse of the decedent;

[] a person who is designated as a designated beneficiary of the decedent with the right to make an

anatomical gift of the decedent;

[] an adult child of the decedent;

[] a parent of the decedent;

[] an adult sibling of the decedent;

[] an adult grandchild of the decedent;

[] a grandparent of the decedent;

[] an adult who has exhibited special care and concern for the decedent;

[] a person who was acting as the guardian of the decedent at the time of death;

[] a person having authority to dispose of the decedent’s body.

This list of persons authorized by law to make this donation is in descending order of precedence. If

there is more than one agent of the decedent, or more than one adult child, parent, adult sibling, adult

grandchild, grandparent, or guardian of the decedent reasonably available to make the decision

concerning this anatomical donation, by signing this document I affirm that either none of the other

members of the relevant class of persons entitled to make this decision has an objection to this donation,

or, in the alternative, that a majority of the members of this class who are reasonably available concur

with the donation. By signing this document, I also affirm that, at the time of the decedent’s death, no
person in a prior class of precedence to my own is reasonably available to make, or to object to the making, of this anatomical donation.

If, at any time, the remains shall be claimed for burial by a person in a prior order of precedence to the person making this donation, then at their expense the Colorado Mesa University Forensic Investigation Research Station shall surrender the remains. The laws concerning the use of remains for the promotion of science within the State of Colorado are addressed in section 12-34-101 et seq., Colorado Revised Statutes.

My signature below indicates I do wish to donate the remains of the above-mentioned deceased on this date of ________________, 20_________.
