

## ITEM FOR WILL

The following item is suggested for inclusion in a Will if the testator desires to leave his or her body to the Colorado Mesa University for forensic/medical research purposes. **NOTE: It is advisable to have an attorney draft a Will in order to be certain that the legal requirements applicable to your state will be met and that the testator's wishes will be followed.**

SAMPLE: In accordance with the provision of the general statutes of Colorado, I will and bequeath my body to the Colorado Mesa University, to be used for forensic/medical research purposes for the advancement of forensic science.

If, for any reason, the Colorado Mesa University is unable, or declines to accept my body at the time of my death, I authorize and empower \_\_\_\_\_ to offer it to another university or medical school of his selection for the purposes above stated.

In the event no university or medical school accepts my body for the purposes stated above, I authorize and empower my executor to pay my funeral expenses, to erect at my grave such monument and to make provision for the care of my cemetery lot as he may deem proper.

The following statement should be written on the last page of the Will, after the signatures of the testator and the subscribing witnesses.

STATE OF \_\_\_\_\_

COUNTY \_\_\_\_\_

I (or we), the undersigned, being the spouse or next of kin of the testator whose name appears above, certify that I (or we) have read the said testator's Last Will and Testament, and do hereby agree that I (or we) will not object to the execution of this provision.
