AAS Nursing Information Sessions Offered In-person/via Zoom –

2 sessions (February 1st and 15th)

The AAS Nursing Program is accepting applications this spring for the next cohort of students that will begin their journey into nursing during the Fall 2022 semester. The next application deadline for this program is April 15, 2022 (applications accepted every other year). See this page for more information about how to apply. We have been getting many questions about the application process and what to expect if selected into the program.

If you are interested in the program, you are invited to join Vicki Zarlingo, AAS Nursing Program Coordinator, and Chris Wilcox, Student Services Coordinator, Montrose campus, for a brief question & answer session. Topics covered in this session include: the AAS Nursing application process, how to navigate the nursing website, Kaplan pre-nursing testing, and what to expect from the student onboarding process if selected. You can also bring any general questions to the session; someone else may be seeking that same answer.
