Department of Health Sciences

BSN
Degree in Nursing
(Baccalaureate Degree in Nursing)
Information Packet
The Bachelor of Science in Nursing program is designed to respond to the emerging health care needs of individuals, families, groups, and communities and provide a foundation for excellence in nursing practice. This foundation enables the graduate to assume the role of a nurse generalist when delivering culturally competent care in a wide-range of health care settings with diverse populations. The utilization of critical thinking, leadership, and management skills, founded on evidence based practice, is essential. The importance of engaging in lifelong learning and community service is valued. Graduates are encouraged to return to higher educational programs to obtain advanced degrees.

### BSN Student Learning Outcomes

* BSN (traditional), RN-BSN, LPN-BSN Programs

Original: May 2, 2016 | Revised December 2018
Guiding Standards

Faculty utilizes professional standards and guidelines as a basis for curriculum development and program evaluation. The rationale for choosing these guidelines is that they are the most comprehensive and widely used in the United States. Currently the following nursing standards and guidelines are incorporated into each course:

- American Association of Colleges of Nursing. Washington, DC.

Additional standards and guidelines are integrated into specific courses in relation to content, identified learning objectives, and outcomes. These are identified in course syllabi.

Rev. 5/2017

Bachelor of Science in Nursing

Professional Baccalaureate Nursing

The Bachelor of Science in Nursing program provides educational experiences to prepare a professional nurse generalist with the ability to practice in a variety of healthcare settings. The program integrates nursing theory, practice, and science with a broad liberal arts education. The Bachelor of Science in Nursing provides the foundation to pursue graduate nursing education.

Admission Criteria

- GPA is calculated using all completed required courses for the BSN program (in progress courses are not used in the calculation)
- Prerequisite requirements must be completed or in process of completion by the application deadline.
- Must pass all in progress courses with a "C" or higher.
- Kaplan Nursing School Entrance Exam – allowed to take with each application.
- Personal interviews for selected candidates
- All applicants invited for an interview are required to complete an online assessment (CASPer). Completion of CASPer is mandatory in order to maintain admission eligibility.
- Successful completion of a criminal background investigation and pre-admission drug screening taken at applicant’s expense after conditional admittance.

Application Process

1) Submission of a completed Colorado Mesa University application, including application fee, through the CMU Admissions Office, or a reactivated application file if you have missed one or more semesters at Colorado Mesa University, declaring Baccalaureate Science of Nursing (Pre-BSN) as area of emphasis. You must be admitted to CMU prior to submitting the separate BSN application.
2) Completion of, or in process of completing, non-nursing program requirements (i.e. Essential Learning course requirements), and completion of, or in process of completing, pre-requisite classes.
3) Students applying to the Baccalaureate of Science Nursing Program are required to take the Kaplan Nursing Entrance Exam. Students are allowed to take the exam once per application period (February 16th-September 14th for fall application; September 16th-February 14th for spring application). Please see the CMU’s Testing Center website for more information on how to register: http://www.coloradomesa.edu/testing/index.html.
4) Complete and submit the Application for the Bachelor of Science in Nursing form electronically per submission requirements listed in the Application Check-off Form. Please see the following website for a complete check-off list for application: http://www.coloradomesa.edu/health-sciences/degrees/bachelor-science-nursing.html.

You will receive an automated email for the FIRST time you submit documents to the healthscience@coloradomesa.edu email address. Please note that the department will process all application documents starting the date of application deadline, please do not contact the department for the status of your application, as we will communicate with you via your CMU email address for any items missing.

*Every candidate who applies for a Colorado Registered Nursing License will be asked the following questions: Have you ever: (a) had any adverse action taken against you by any licensing agency in another state or country, any peer review body, health care facility, governmental agency, law enforcement agency or court of law? (b) surrendered a license or other authorization to practice nursing in another state or jurisdiction, or surrendered staff privileges while under investigation by any of these authorities or bodies? (c) been convicted, pled no contest/nolo contendere, pled guilty to or been granted a deferred judgment or sentence with respect to a felony, misdemeanor or petty offence other than minor traffic offenses? (d) had paid on your behalf any final judgment, settlement or arbitration award to malpractice? (e) been denied nursing malpractice insurance or had your nursing malpractice insurance coverage terminated by action of the insurance carrier?
COLORADO MESA UNIVERSITY

Department of Health Sciences

Common Questions & Answers about the BSN Program (FAQs)

Please read all application materials and the section of the catalog that pertains to the Nursing Program, as well as the BSN Program section of www.coloradomesa.edu/health-sciences. Many of your questions may be answered there.

Does everything have to be in to the Department of Health Sciences Office by the deadline?
Yes, you must be fully admitted to CMU as a Bachelor seeking student prior to applying to the BSN program. The BSN application, all college transcripts, transcript evaluations (if you have classes from other colleges/universities), and Kaplan exam scores, must be submitted by 12pm (noon) on the deadline date. If you are a transfer student, and in order to give the CMU Registrar's Office appropriate time to process any transcripts from another institution, please make sure you've been accepted at CMU and have had transcripts reviewed at least one month prior to application deadline.

Does the Department of Health Sciences have an admission fee?
No, however, there is a fee to apply to Colorado Mesa University.

Should I take any courses prior to being accepted into the BSN program?
Yes, you are required to complete all Essential Learning and program specific pre-requisite courses. Please review the Course Sequencing for A Major in Nursing on page 8 in this BSN Information Packet.

Please Note:
- PSYC 150: General Psychology and PSYC 233: Human Growth & Development are program pre-requisites that also meet Social & Behavioral Science Essential Learning requirements for 6 credit hours
- BIOL 250 & BIOL 250L: Intro to Medical Microbiology and Lab are program pre-requisites that also meet the Natural Science with Lab Essential Learning requirement for 4 credit hours. Please note that the BIOL 250 & BIOL 250L courses have a 5-year limit on them. What a 5-year limit means, is that if you took it more than 5 years or longer from your application to the BSN program, then those courses MUST be retaken, similar to the 5-year limit for the other biology foundation courses (BIOL 209/BIOL 209L, BIOL 210/BIOL 210L and BIOL 241).

Prerequisite requirements must be completed or be in the process of completion by the application deadline. All essential learning courses must be completed by the end of the semester you are applying, to be considered a candidate for the BSN program.

Are there any scholarships specifically for BSN students?
Yes, scholarships are available for BSN students. For specific scholarship information, please see http://www.coloradomesa.edu/financial-aid/scholarships/index.html.

Do I have to be accepted in to CMU before I can be accepted into the BSN program?
Yes, as a Bachelor seeking student.

When do the BSN courses start?
BSN courses begin spring and fall semesters. The BSN courses are sequential and must be taken in the specific order outlined in Course Sequencing for A Major in Nursing on page 8 in this BSN Information Packet.

How long is the BSN program?
The BSN program is 4 semesters. All Essential Learning and pre-requisite courses must be completed prior to application to the program.

How many students are accepted into the program each year?
We accept up to 50 students twice a year, for a yearly total of 100.

How much does the BSN program cost?
Tuition and fee information can be obtained from Admissions. We also have compiled a list of projected expenditures (on page 7, subject to change, only to be used as a general basis of costs).
Should I apply to the BSN program before I ask for a transcript to be sent?
You should submit your BSN application documents electronically as per the instructions listed in the Application Check-off Form. You must contact the Registrar’s Office at 248-1555 to have any transfer credits evaluated for possible acceptance at Colorado Mesa University. Transfer transcripts should be evaluated at least a month prior to application deadline, so that your application documents can be fully evaluated.

Should I speak to an advisor before I sign up for classes?
We suggest that you attend an open advising session that is listed on the Department of Health Sciences’ website at: www.coloradomesa.edu/health-sciences (please check our website for current dates/times). Once you’ve attended an open advising session, you can contact your primary advisor for further advising.

Do you give credit for life experience or related paramedical experience?
No, we do not.

Does Colorado Mesa University have a Practical Nurse (PN) program?
Yes. In addition to the PN program, we also offer a Licensed Practical Nurse to Bachelor of Science in Nursing (LPN-BSN). For those who already have an Associate Degree in Nursing may also be interested in our online RN-BSN program. For more information on all of our programs, please see the Department of Health Sciences’ website at: www.coloradomesa.edu/health-sciences.

Can I go part time?
While you are doing your Essential Learning/pre-requisites, you can go part time. However, if accepted to the BSN program, you are expected to attend full time.

How do you choose candidates?
We look at your overall grade point average from all required courses, the grades you achieve in Anatomy & Physiology I, Anatomy & Physiology II, and Pathophysiology and the score on the Standardized Admission Test (Kaplan Nursing School Entrance Exam). The applicants with the highest accumulation of points are invited to interview with the admissions committee.

Do you use a waiting list?
No, we do not. If an applicant is not accepted one semester and wishes to be considered for the next semester, they must reapply.

How much does a credit hour cost?
Please go to http://www.coloradomesa.edu/student-accounts/expenses.html for the most recent tuition fees.

Do you have night BSN classes?
Classes are during the day, but evening clinical labs may be required.

Can I work while I take classes?
We have students who work while attending nursing school. However, we do not recommend working. You should consider that for every hour of class, it is expected that the student spend two hours in preparation.

What classes can I take to fulfill the essential learning requirements?
You should refer to the attached Essential Learning List or the Graduation Requirements section in the Colorado Mesa University Catalog. Only selected 100 and 200 level classes listed in this section are acceptable for fulfilling Essential Learning requirements.

Do I need my own computer?
Many courses include computer and Internet-based assignments. Having your own computer gives you more freedom in completing course assignments. Computer labs are available on campus for student use. As a student, you are provided an email address, which you will be required to access regularly. CMU also provides each student Office 365 for up to five platforms (iPad, computer, etc.) for free.
Colorado Mesa University Baccalaureate and Associate (AA/AS) Degree Requirements

A. Essential Learning Core – 31 credit hours
All CMU essential learning core courses are approved by the Colorado Department of Higher Education for statewide guaranteed transfer except courses marked with + which are not yet approved. ✴ Cannot be substituted for ESSL 200.

English – 6 credit hours
Option 1
ENGL 111* English Composition; and
ENGL 112* English Composition; or
Option 2
ENGL 112* English Composition; and
ENGL 219* Introduction to Professional Writing
✴ A grade of “C” or higher is required for graduation

Mathematics – 3 credit hours
MATH 110* College Mathematics
✴ MATH 113* College Algebra
MATH 119* Pre-Calculus Mathematics
MATH 149* Honors Mathematics
MATH 151* Calculus I
MATH 205* Elements of Mathematics II
✴ A grade of “C” or higher is required for graduation
✴ MATH 113 or higher is required for admission to the BSN program

History – 3 credit hours**
HIST 101, 102 Western Civilization
HIST 131, 132 United States History
** Note: 3 additional hours of History may be chosen to fulfill Humanities.

Humanities – 3 credit hours
ENGL 131, 132 Western World Literature I & II
ENGL 150 Introduction to Literature
ENGL 222 Mythology
ENGL 231, 232 Non-Western Literature I and II
ENGL 254, 255 Survey of English Language I and II
ENGL 261, 262 Survey of American Lit I and II
HIST 101, 102 Western Civilization
HIST 131, 132 United States History
MASS 110 Mass Media Impact and History
PHIL 105 Critical Thinking
PHIL 110 Introduction to Philosophy
PHIL 120 Ethics
PHIL 130 Philosophy of Religion
✴+ SPCH 102 Speechmaking

Social and Behavioral Sciences – 6 credit hours
ANTH 202 Introduction to Anthropology
ARKE 205 Principles of Archaeology
+CS CI 100 Computers in Our Society
ECON 201 Principles of Macroeconomics
ECON 202 Principles of Microeconomics
FOAN 180,180L Survey of Physical Anthropology and Lab
GEOG 102 Human Geography
GEOG 103 World Regional Geography
POLS 101 American Government
+POLS 151 Introduction to Political Ideas
POLS 261 Comparative Politics
+POLS 270 World Politics
✴PSYC 150 General Psychology
✴PSYC 233 Human Growth and Development
SOCI 101 Introduction to Lesbian, Gay, Bisexual & Transgender Studies
SOCI 120 Technology and Society
SOCO 144 Marriage and Families
SOCO 260 General Sociology
SOCO 264 Social Problems
✴+ SPCH 101 Interpersonal Communication
✴ PSYC 150, PSYC 233 are pre-requisites for the BSN program

Fine Arts – 3 credit hours
ARTE 101 Two-Dimensional Design
ARTE 102 Three-Dimensional Design
ARTE 115 Art Appreciation
ARTE 118 Survey of Art History—Prehistory to Renaissance
ARTE 119 History of Art, Renaissance to Present
DANC 115 Dance Appreciation
FINE 101 The Living Arts
MUSA 220 Music Appreciation
MUSA 266 History of Popular Music
THEA 141 Theatre Appreciation
THEA 145 Introduction to Dramatic Literature

Natural Sciences – 7 credit hours (must include 1 lab)
✴✴✴ BIOS 101, 101L General Human Biology and Lab
✴✴✴ BIOS 102, 102L General Organismal Biology and Lab
✴✴✴ BIOS 105, 105L Attributes of Living Systems and Lab
✴✴✴ BIOS 108, 108L Diversity of Organisms and Lab
✴✴✴ BIOS 250, 250L Intro to Medical Microbiology and Lab
CHEM 100 Chemistry and Society
✴✴✴ CHEM 121, 121L Principles of Chemistry and Lab
✴✴✴ CHEM 122, 122L Principles of Organic Chem and Lab
✴✴✴ CHEM 131, 131L General Chemistry and Lab
✴✴✴ CHEM 132, 132L General Chemistry and Lab
ENVS 101 Introduction to Environmental Science
✴✴✴ ENVS 103, 103L Field-Based Intro to Environmental Sci
GEOL 100 Survey of Earth Science
GEOL 103 Weather and Climate
GEOL 104 Oceanography
GEOL 105 Geology of Colorado
GEOL 106 Introduction to Dinosaurs
GEOL 107 Natural Hazards & Environ. Geology
GEOL 108 Water, People & Environment (Not approved for gPathways)
✴✴✴ GEOL 111, 111L Principles of Physical Geology & Lab
✴✴✴ GEOL 112, 112L Principles of Historical Geology & Lab
✴✴✴ GEOL 113, 113L Field-based Intro to Phys Geology & Lab
PHYS 100 Concepts of Physics
PHYS 101 Elementary Astronomy
✴✴✴ PHYS 105 105L Physics by Inquiry and Lab
✴✴✴ PHYS 111, 111L General Physics and Lab
✴✴✴ PHYS 112, 112L General Physics and Lab
✴✴✴ PHYS 131, 131L Fundamental Mechanics and Lab
✴✴✴ PHYS 132, 132L Electromagnetism & Optics and Lab
✴✴✴ BIOS 250 & BIOS 250L are pre-requisites for the BSN program
✴✴✴ Course fulfills the natural sciences requirement of associated lab or field component.
✴✴✴ Both the lecture and laboratory are required for essential learning credit.

B. Wellness Requirements – 2-3 credit hours
KINE 100 Health and Wellness
1-2 KINA credits (varies by program sheet)
KINA

KINA

Any KINA course(s), DANC 160, 169, 174, 177, 180 or MUSB 147 (credit bearing course only) may fulfill the Kinesiology activity requirement. Only one varsity sport course numbered KINA 180-189 may be used to meet the activity requirement.

Essential Learning Capstone only applies to Bachelor’s degree
C. Essential Learning Capstone – 4 credit hours
The Essential Learning Capstone must be completed between 45-75 credit hours.

ESSL 290 Maverick Milestone
✴✴✴ ESSL 200 is a co-requisite course with ESSL 290 and must be taken together in the same semester.
## Projected Expenses for the BSN Program

*(Required and optional books are listed, check with the Bookstore for any additional books that may have been added since this page was created.)*
