DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT (FSA)

Why You Should Sign Up

To avoid losing hard-earned money each time you pay for dependent care expenses.

How Do You Pay For Expenses?

You can use the 24Hourflex Benny card, a stored value VISA card loaded with your current Dependent Care balance, to pay providers directly if they accept cards AND are set up with a credit card merchant account tied to being a dependent care provider.

You can also incur expenses and then submit an itemized invoice to 24Hourflex to be reimbursed from your Dependent Care FSA.

Important: You must have an itemized invoice from your provider that includes:
- The dates or date range of care provided
- Name of the dependent care provider
- The cost of the care
- A description of the care provided

How Do You Manage Your Account?

The easiest way to manage your account is online at www.24hourflex.com/newuser

Through the 24HourFlex Mobile App available for Android and Apple (iOS).

Make sure you read your Plan’s Summary Plan Description (SPD), available from your employer, to understand the deadlines and rules that govern your rights and benefits.

How Do Dependent Care (Child Care) FSAs Work?

The purpose of a Dependent Care FSA is to pay for dependent care services for a dependent child or adult, allowing you and your spouse (if applicable) to work or to look for work.

You choose an annual dollar amount, up to $5,000 per family, that you want taken out of your paycheck before taxes and put into your Dependent Care FSA. Use the expense worksheet on the second page to help you choose your election amount so you know you will use all of your funds by the end of the plan year.

As the Dependent Care money is deducted from your paycheck, you can then use it to pay for eligible dependent care expenses incurred during your organization’s plan year.

Common eligible Dependent Care expenses include day care and before/after school expenses for a dependent child up to 12 years old or pre-school expenses.

Common ineligible expenses include kindergarten tuition, overnight camps, and care for a child 13 or older who isn’t physically or mentally disabled.

By not paying taxes on these expenses, you avoid losing up to $2,000 in taxes (25% to 40% of your annual Dependent Care FSA election). Use this hard-earned money on something else you value and enjoy!
