How To: Clear Safari (8.0+) Cache in OS X

This document explains how to clear cache and cookies from Safari 8.0 or newer in OS X.

1. Open Safari.

2. Click Safari in the menu bar at the upper left hand side of your screen. In the menu that appears, click Preferences.

3. In the dialog box that appears, click the Privacy tab. Click the button Remove All Website Data....

4. Click Remove Now in the pop up window that appears.
