

# Recommended Webcams/Microphone

---

## Recommended Hardware

Below are three recommended webcam models that will provide excellent audio/video recordings with Panopto on your office computer. If you only want to record voice, there is a recommended microphone in the list as well, however if you go with a webcam, they all have a built-in microphone.

Please be aware that if you have a newer HP All-in-One (AiO) computer, they all come with built-in webcams.

Specs	Recommend Hardware Models	Photo
Low cost webcam; under \$50	<u>Logitech C505 Webcam</u> HD 720p
