Resident Instruction here is not defined by the instruction of 'resident' students (as defined by tuition classification), but as credit hours that are eligible for state support. Only those courses for which the source of funds is classified as 'Education and General' can be counted as RI hours. FTE generated by cash and auxiliary funded credit-bearing courses should be reported in 'All Other'.

Headcounts are distinct by term. The full year headcount should display as 'N/A' because it is not distinctive, meaning there are duplications. Any time an accurate full-year headcount is required, a different SURDS file would be used.

FTE is calculated based on the credit hours submitted. After saving, please review the FTE calculations. Totals and Fiscal Year totals will be calculated upon save.
