

LUNAR ECLIPSE VIEWING EVENT!

Thursday, August 27

Eclipse starts at 8:33pm, peaks at 10:12pm, ends at 11:52pm: Visible with the naked eye, but several telescopes will be set up for lunar viewing, and possibly other celestial objects

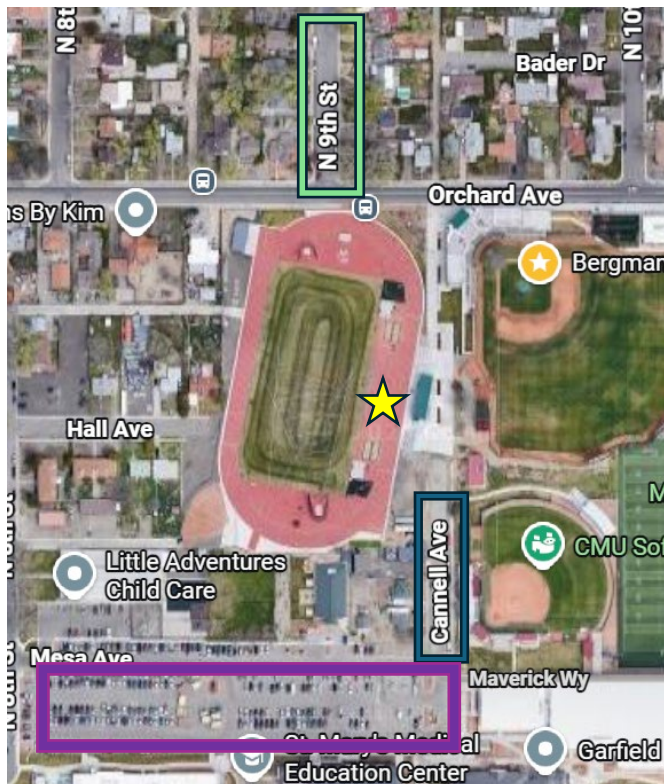

Event starts at **8:30pm**, ends at 11pm-ish or possibly later. Event is weather-permitting.

If there is rain or significant clouds, the event will be cancelled.
